

PGDB App.

Hamburger menu

This menu will give you options to see your current licences, update your profile, manage your notification preferences and get our contact details.

Licensing Tile

This tile will guide you through your renewal process.

And if you are all renewed, it will take you to see your current licences.

CPD Tile

If you are a registered person, you'll see a green tick once we've confirmed you've completed your CPD for the following year, and a red cross otherwise.

The link will take you to our website where you can read about CPD and find the links to book the courses if you need to.

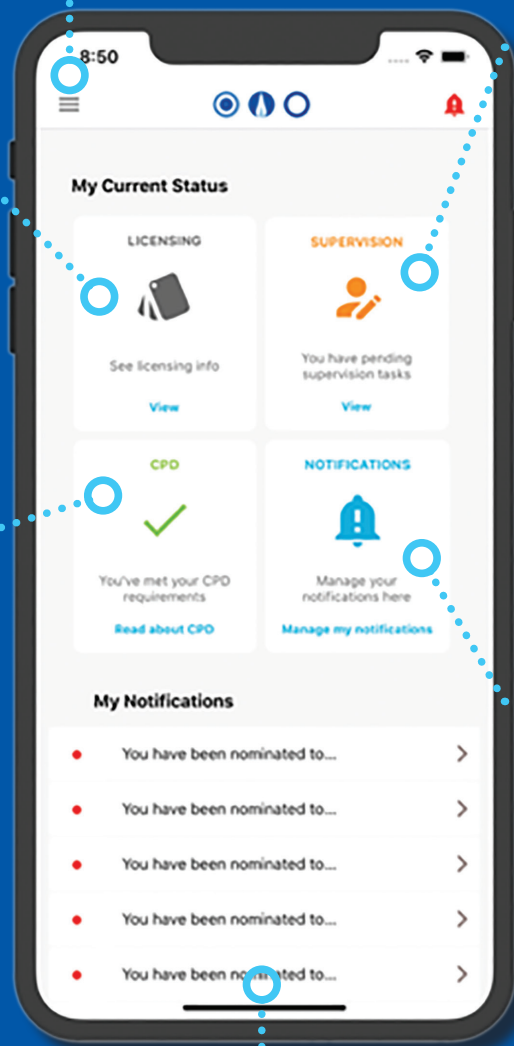

Supervision Tile

This tile will let you see and change who is supervising your current licences.

If you are a certifier and usually supervise others, this tile will let you see who is under your supervision, as well as to approve or decline supervision nominations.

Notifications Tile

This tile will appear when you first login to choose whether you want the App to remind you of CPD and Certifying exam info as it becomes available.

If you scroll passed your notifications and you have a current licence, you'll see your link to the library of selected standards you can access through the PGDB.
